## GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heaviest stock. ## CLAIMS

All claims must be made IMMEDIATELY AFTER RECEIPT OF STOCK.

## LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire, or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: **"We give no warranty, express or implied, as to description, productiveness, or any other matter, of any nursery stock, seed or bulbs we sell."**

## COMBINING CAR AND TRUCK LOADS

We can often work out combination shipments, rail or truck, to our customers advantage. Refrigerated and Heated Trucks are available, on ample notice, to many points giving quick and safe service regardless of weather conditions.

## PACKING CHARGES

Boxes and Bales will be charged at cost of labor and materials. This item will average around 5% of invoice. No charge for packing Car or Truck loads.

## LATE SPRING PLANTING

With our cold storage facilities, we can now serve you until about June 1st with bare root stock. We closed down our coolers on June 1, 1955. On that day, we took out and planted as a test, Lonicera Fragrantissima, Symphoricarpos Chenaulti, Euonymus Patens, Forsythia, Buddleia and Flowering Almond all bare root. This stock grew off vigorously.

## REFERENCES

**MAGNOLIA, Oriental Flowering Types**

**MAGNOLIA SOULANGEANA** as they should be grown—well branched, well budded.

Highly ornamental and popular deciduous shrubs, with large leaves, and flowers in a variety of colors. They are among the most showy and striking of the early blooming shrubs. To preserve their bloom buds from freezing, we use our modern high humidity cold storage rooms. We get these plants dug and into storage usually by mid January, and keep them just above freezing, thereby holding their bloom buds dormant. We can make delivery as late in the Spring as you desire, and each plant will have dormant bloom buds. In bloom at your nursery, their sale becomes automatic.

***liliflora Nigra, Purple Lily Magnolia***
